NUMBER 143

MINGO COUNTY SNIPERS QUIET AS KY. GUARDSMEN ARRIVE AND TAKE PLACES

Five Snipers Held By Kentucky Officials in Mine War.

TWO MORE BODIES ARE DISCOVERED.

Authorities Start Inves- tigation of Sunday Blaze.

FIVE SNIPERS TRAPPED
Williamson, W. Va., May 16—Five snipers were trapped today by Kentucky guardsmen. They are alleged to have been implicated in an alleged confession made by Richard Beverly, arrested Friday by Pike county sheriffs, who made a surprise attack.

Authorities at Devon, east of here, reported the finding of another unidentified body. A second was discovered near Chattanooga, but officials believe this has no connection with the mine war.

Williamson, W. Va.—Peace hopes in the "Bloody Mingo County" mine war were strengthened today when the snipers' positions in the West Virginia and Kentucky hills were quiet. However, authorities feared new attacks on the little valley might open at any time.

The industrial war among striking miners and company employees was quieter yesterday than at any time since the fighting started last Thursday. Shots were fired occasionally Sunday along the 12 mile battle line, and a thirty minute skirmish was staged near Merrimac, but conditions were reported to be relatively peaceful.

The casualty list of six dead and an indefinite number wounded remained unchanged, although unconfirmed rumor added many victims to this number.

ARRIVAL OF KY. GUARDSMEN QUIETS HILLSIDE SNIPERS

The arrival at Pike County, Ky., of two companies of Kentucky guardsmen soothed the snipers. The troops arrived Sunday morning.

The truce in Alburt, Blackberry City and McCarr was completed Saturday night, and other sectors of the trouble zone were quieted last night with the exception of the brief Merrimac encounter.

Investigation was under way today of the burning of the commissary and garage building of the Smith Pond Creek Coal Co., at Sprigs, Sunday morning, which officials believe was incendiary.

IMPORTANT TAX SUIT WON.

Washington, D. C., May 16—The Federal government, by a decision of the Supreme Court today, won one of the most important tax suits brought in recent years, when it was held the increased value of natural resources of a corporation is profit, and therefore taxable as income.

FIRST ARRESTS UNDER WONER BILL

Altoona, Pa., May 16—Two men, who gave their names as Stanley Kline and Harry Goldstein of Wilkes Barre, were held in jail here today in default of \$5,000 bail, for transporting 123 cases of whisky, seized by officials.

This is the first local case coming under the Woner Enforcement bill enacted at the last legislature.

WILL DEMAND PROBE OF ALLEGED ORDERS

By HERBERT WALKER
United Press Correspondent
Washington, D. C., May 16—Congress this week will probably start an investigation of charges that recently started service men's organizations are nothing more than "get-rich-quick-Wallingford" schemes for their promoters. Information has been collected by private detectives, that these organizations not only seek to dupe former service men, but that the promoters have also been successful in soliciting large subscriptions from thousands of men interested in welfare work among the disabled soldiers.

Representative Johnson expects to introduce a resolution naming the organizations.

PREDICT STORMY MEETING BETWEEN TWO BIG LEADERS

Briand Thoroughly Ar- roused Over Lloyd George's Statement.

By WEBB MILLER
United Press Correspondent
Paris, May 16—Premier Briand will threaten France's withdrawal from the Entente if Great Britain persists in her "Anti-Polish" attitude. It was predicted in official circles today that Premier Briand will refuse to meet Lloyd George until after he has obtained a vote of confidence from the Chamber of Deputies permitting him to exert "the utmost pressure." Briand and Lloyd George will probably hold a private interview at Boulogne after the chamber meets Thursday.

Lloyd George asked for the conference to settle the difficulties between the two countries on the Upper Silesian controversy.

It is said the Lloyd George statement was made without consulting France's interests in the matter. Briand will demand that France be supported in her plans to keep the rich coal lands in Silesia away from the Germans, and even demand that France have the determining voice in settling Continental matters.

Italy is concerned in the Silesian muddle, but the United States has announced she will take no part in the settlement of the controversy.

ENGLISH PRESS BEHIND LLOYD GEORGE

By ED. L. KEEN
United Press Correspondent
London, May 16—Prime Minister Lloyd George drew almost unanimous support today for his attitude on the Upper Silesian question, from the British press. Anti-Lloyd George newspapers tempered their approval with criticism of the manner in which the statement was made to the Commons last Friday. With few exceptions the press stand on the assertion that Poland must quit filibustering.

New York, May 16—John Reid, a wealthy lingerie manufacturer, was reported dying here today with five bullet wounds in his body, received at the home of Hazel Warner, wife of Fred Warner, a prominent man.

Police are said to be seeking a Broadway sport and gambler as the pistol user.

POLISH LEADER SENDS WARNINGS TO THE ALLIES

Says Poland Must Have Just Decision

By CARL GROAT
(United Press Correspondent)
Schoppinitz, Upper Silesia, May 16—Anarchy will reign in Upper Silesia if the Germans persist in sending their troops into the country, Adalbert Korfanty, Polish leader, declared today in an exclusive interview with the United Press. The German, he declared, would be slaughtered. If the decision gives the Poles less than they claim, anarchy will result.

Korfanty said he planned to retire just as soon as the Allies reached a decision on Upper Silesia, but that if the decision was not just, and did not give Poland the territory marked by the Korfanty lines, anarchy would follow.

His trail led the correspondent a long chase through the mountainous country, his followers in many instances giving misleading directions. Some declared he was at the front, actually directing the fighting, while others said he had gone to Paris to negotiate direct with the Allies. He was finally located in his headquarters in this little Upper Silesian village. He appeared nervous, and clearly worried over the attitude of Great Britain.

THEY NEVER GO ON STRIKE, EITHER

The average salary the Methodist Episcopal Church pays its ministers is \$1154, according to a statement made by Joseph B. Hingeley, corresponding secretary, at the annual meeting of the board of conference claimants of the church. He said: Three years ago the average salary was \$869.

"The Pittsburgh conference pays its ministers the highest yearly salary, averaging \$1,736, and the lowest salary is paid in Little Rock conference (negro) \$325."

Mr. Hingeley reported that the church had paid \$2,010,070 for preacher pensions in 1920.

Better Not Try It.
If a man lived to 100, and played whist nightly, he would never be able to hold all the possible variations to "hands." There happen to be 635,013,559,600.

Senator Harrison Turns Ump

When the boys of Washington, D. C., want to play ball and can't find an umpire they call for Senator Harrison of Mississippi. He's an ardent fan and never gives up a chance to steal off his coat and umpire on the sabbath.

"BIG" BILL HAYWOOD ANNOUNCES HE WILL RETURN VOLUNTARILY TO BEGIN SERVING 20 YEAR PRISON SENTENCE

(Copyright 1921, by the United Press)
London, England, May 16—William D. "Big Bill" Haywood, will return to the United States to serve a twenty year sentence in the Federal prison at Leavenworth, it was declared today in an exclusive statement by wireless to the United Press, from Moscow.

The I. W. leader, who drew the bitter criticism of his associates, under sentence for hampering national war activities, announced he would return to the United States after the Third Internationals and other conventions to be held in Moscow. Haywood's bondsmen will not suffer loss, it is said.

Notables See Bishop Consecrated

Consecration of Rev. William T. Manning as the new bishop of the New York Episcopal diocese, brought many notables to the ceremonies. Picture shows J. P. Morgan, banker, and George Zabriskie, chancellor of the New York Episcopal diocese, about to enter the cathedral of St. John the Divine, where the ceremonies took place.

CLEARFIELD HIGH SCHOOL MAKES GOOD SHOWING

Relay Team Wins State Event. Other Local Boys Winners.

The Clearfield High School Athletic Association gained additional laurels at the 12th Annual Inter-Scholastic Track and Field Meet at State College on Saturday last, when her sturdy sons carried off the one-mile relay, the four hundred and forty yard and two hundred and twenty, took second place in the broad jump and third place in the 220 yard low hurdles.

The local boys met in competition the school boys athletes of some thirteen high schools and the more mature athletes from Bellefonte Academy and Harrisburg Tech. They more than held their own and by their prowess again placed old Clearfield High before the people of Pennsylvania as one of the first rank high schools of the state.

The mile relay team which won that event at the recent University of Pennsylvania meet, with the substitution of Eddie Walsh for Bruce Norris, again led the way to victory and brought home a handsome silver cup, suitably inscribed, as a trophy of their victory. The team was made up of Cecil Torrence, Eddie Walsh, Nate Smith and McKendrick.

The 440 yard race was won in fine style by McKendrick, who took the lead from the start-off and was never headed, breasting the finish tape twenty-five yards ahead of his nearest competitor.

"Old Reliable" Cecil Torrence again starred in the 220 yard event. He won easily in 23 seconds.

Torrence also took second in the broad jump, being nosed out of first place by Johnson, of Bellefonte Academy by a scant two inches, the distance being 19 feet, 2 inches.

Newt Norris qualified for both the 220 yard high and low hurdles. In the final of the hurdles he got off to a bad start, but made a great run, crowding the leaders closely at the finish. In the low hurdles Newt finished in third place.

These victories gave Clearfield 20 points, Johnstown High, 25; Harrisburg Tech, 28 1-2; Bellefonte Academy, 50.

The following Clearfielders were among the number to accompany the C. H. S. track team to State College Saturday: Dr. F. D. Leipold, Dick Leipold, L. S. Hallen, "Woody" Walker, Carl Hyle, Russell Bratton, and Malcolm Cox.

No Red Tape.
"One thing I particularly admire about the law of gravitation," said Sir Isaac Newton as he rubbed his head when the apple hit him, "is the simplicity and accuracy of the methods for its enforcement."

BOARDING HOUSE DOOR A TARGET FOR SHARPSHOOTERS

Gun Users Escape When Police Come In a Hurry

A general rough house and shooting match in which a boarding house door received four punctures and five chickens—the feathered kind—lost their happy homes, happened Sunday.

A generous quantity of home brew was available down in the Fourth Ward yesterday and George Cusulan and Charley Franziamore, are alleged to have surrounded more of the stuff than was good for them. They went to the boarding house of Frank Benedict and invited the latter out to "make fight." Benedict refused to come out and the scrapers are alleged to have fired four bullets through the door of the house to demonstrate what might have happened to Benedict if he had come out.

They are then said to have broken he lock on the chicken house door and made away with five hens belonging to the boarding house keeper.

The rough house occurred about 9 o'clock, but when Patrolman Keogh, who was sent for, arrived on the scene, the marauders had escaped.

FLAMES PROVE FATAL TO LITTLE SYLVIA SALVATORE

Played With Fire. Died From Burns In- dicted by Flames

Sylvia Ellen Salvatore, the little four year old daughter of Benedict and Arada Laniger Salvatore, died at the home of her parents in Lawrence, just beyond the Fourth Ward, at 11:40 a. m. Saturday, as the result of burns received on last Wednesday.

During the absence of her mother from the kitchen, the little girl lighted a newspaper at the stove and set fire to her clothing. Before the flames were subdued she was frightfully burned.

The funeral occurred this morning at 10 o'clock, Rev. Derstine, of the Eleventh Street Methodist church, officiating. Interment in Hillcrest cemetery.

Try a Want-Ad.

ASK NEW TRIAL IN AUTO CASE

Messrs. John B. McGrath and Miller and Hartwick, representing Charles H. Gardner, by a petition filed in Prothonotary Ralston's office, make application for a new trial in the case of the Gettman-Johnson Motor Company, to use of the Meyer-Kiser Bank versus Charles H. Gardner. In this case which was tried before Judge Bell on Wednesday a verdict was returned in favor of the plaintiff. The reasons advanced for a new trial are alleged error on the part of the Court in his charge.

CENTRE COUNTY FIRE WARDEN HAVING TROUBLE

Ralph Smith, Sandy Ridge, was a Clearfield visitor Saturday. Mr. Smith is a pioneer and most zealous worker in the forest conservation movement in this section of Pennsylvania. He is President of the Centre county Conservative League, the Secretary of another similar organization over that way and is also a Fire Warden, affiliated with the State Forestry Department.

Mr. Smith, in his official capacity, is proving to be a thorn in the side of railroad officials over in his section. He charges that nine out of ten forest fires in the vicinity of his home county and the territory he exercises guardianship over, is due to sparks from railroad engines and has been working hard on a plan to have effective spark controllers or arresters placed on every engine traveling these mountain regions.

He is a zealous official with the courage of his convictions, and can neither be bluffed, fooled or scared off the job.

One day last week three or four fires were started along the Pennsylvania tracks above Osceola, and in his capacity as Fire Warden, Mr. Smith went down to the Osceola yards to inspect the offending engines. He was refused permission to do so and J. K. Nichols and Charles Johnston, employees of the Pennsy, not only refused to allow the investigation, but interfered with the investigator to such an extent that Mr. Smith made information before "Squire Byron at Philipsburg, charging interference with a Fire Warden in pursuit of his duty, and the Justice fined them \$20 and costs. The men stated they were simply carrying out their orders when they got into trouble.

LOCAL BOY WINS HONORS

Clearfield people will be pleased to know, that James Weber, a local boy won first honors at State College this year and heads the senior class for 1921. This is a real honor and the young man is entitled to great credit for the high honor he has won.

Jim Weber is the son of Mr. and Mrs. Jacob Weber of Montgomery.

"TAPS SOUNDS FOR ROY SMEAL

Thousands Pay Tribute To Clearfield Soldier Who Made Supreme Sacrifice

The funeral of the late Private Roy Smeal, whose remains arrived in Clearfield from France on Friday last, occurred from the home of his parents on West Front street Sunday afternoon at 2:30. The services were conducted by Rev. W. W. Hartman of Trinity Methodist Episcopal church, and the funeral was in charge of John Shade Post, No. 6, American Legion.

Several thousand people were present to pay the last tribute of respect to the brave boy who gave his all for his country, and met with a glorious death on the field of battle, with his face to the foe.

The American Legion band headed the procession from the home to beautiful Hillcrest cemetery, where interment was made, while a large number of the comrades of the deceased soldier were in the cortege.

The deceased soldier was a member of Clearfield Council, O. U. A. M., and the organization attended the funeral in a body, conducting their beautiful and impressive funeral service at the grave.

Solved!
That indefinable something which we call charm is what enables a girl to violate the traffic rules day after day with absolute impunity.—Ohio State Journal.

BASEBALL SEASON WILL OPEN HERE ON JUNE 16TH

Brookville Team to Pry Off the Lid At Clear- field.

"IZZY" HOFFMAN TO MANAGE TEAM

Total of \$6000 Pledged Here For Support of Club

Yes, Mr. Anxious Inquirer, Clearfield is on the baseball map this year, and we are going to have a baseball team. How good a team, no task. Well, the Clearfield County Athletic Association says the team will be the equal of anything to be found in this section and able to hold its own in the fastest semi-pro company.

There has not been a great deal said in the newspapers about the Clearfield team thus far, but that doesn't necessarily mean there has been nothing doing. The Association has been busily at work for the past two or three months and will have everything in good shape for opening day, on Thursday, June 16th.

The Clearfield County Athletic Association has been chartered by the Courts and will conduct its affairs strictly along business lines, and guarantees the subscribers or contributors to the "baseball fund," a real run for their money.

The Board of Directors early in the spring entered into contract with "Izzy" Hoffman, the old Athletic player, who was recommended to them by Connie Mack, of the Philadelphia Athletics, and he will select the players and manage the Clearfield team. Mr. Hoffman knows baseball from every angle and has the reputation of being a highly successful manager. He was given carte blanche by the Association to get a team able to "deliver the goods." This Hoffman has promised to do; here's hoping.

So far as we have been informed, Manager Hoffman has not signed up an entire team as yet. We do know that but two members of last year's team have been tendered contracts thus far. They are Billy Fauver, our brilliant third baseman, and Larry McDonald, the catcher who made such a hit here last year.

The solicitors for the "sinews of war" for the team met with gratifying success from the start-off and today a total of \$6,900 has been pledged in \$100 subscriptions, and the surface of the field hereabouts ardly scratched yet. It is the intention of those in charge of the finances to continue soliciting until the guarantee fund reaches the 10,000 mark, although it is thought the team can be financed through the season for much less than that amount from the subscribers, as it is hoped the revenues at the gate will go a long way toward supporting the team.

Thus far some thirty-five or forty names have been scheduled with the teams representing Philipsburg, Osceola, DuBois, Brookville, Elkco, Huntington, Mt. Union and other towns in this section of the state.

The opening game is scheduled for Thursday, June 16th, and the strong Brookville team will be the attraction. "All Aboard."

WILD CATS CLAW WAY TO VICTORY

Linsbigher's "Wild Cats" clawed a victory out of Irvona on the Irvona grounds Saturday afternoon, taking the home team into camp to the tune of 6 to 4.

The hero of the game was Private "Red" Lester, who laced out a two-bagger in the eighth, scoring two men and winning the game.

ODDS AND ENDS AND THINGS

"By Skinny"

Dr. Cotton, a scientist of note, now comes to the front with an ether which he has just discovered, one dose of which will make a person unconsciously tell the truth, whether he wills or no. If that stuff gets into general use, watch the divorce records multiply.

We're off that monkey gland stuff. We were sort of figuring on working in on that proposition one of these days, but never again. Seventy-two year old Alfred Wilson had the operation performed on him in Vienna last February and was scheduled to lecture in Albert Hall, London, on Thursday last, on how he was made twenty years younger by means of the gland grafting. Hair had already begun to grow on the old fellow's bald head and he was getting skittish as a colt, but a few hours before the time set for his lecture, Wilson dropped over dead. The old machinery couldn't stand the renovation.

E. E. Kendrick, a Philadelphia fisherman, claims to have caught a brook trout in Tobyhanna Creek, in the eastern part of the state, which measured 29 and 1-2 inches and weighed 8 pounds and 12 ounces. "Sounds to me," but Kendrick makes affidavit to the dimensions of his whale.

Germany has started in to recoup her population and make up for the dreadful toll of the world war, and considering the passage of a law to compel every married couple to bear three children. They must do that, at least, while particularly

healthy persons will be expected to rear nine children, and will receive a bonus from the government for every child more than three. The couple falling down on the three, will be taxed to provide the bonus.

Joseph McCann, a Pittsburgh man, recently died of pneumonia, and his family charge his death is due to rough handling by a chiropractor. McCann was received at St. Joseph's Hospital Monday night. He had been treated by a chiropractor and upon examination at the hospital, it was in his back, had been broken, pneumonia the fourth and fifth vertebrae in his back, had been broken, pneumonia later developing.

Julia Hector, the Ridgway girl so terribly maltreated by her foster mother, the recital of whose wrongs roused the entire western part of the state and resulted in the inhuman foster mother being sentenced to the penitentiary for 22 months, is having her facial features made over by a plastic surgeon at Franklin, Ridgway people are paying the bill and have been advised by the physician in charge that the young lady will be discharged from the hospital within a month, and the doctor says she will be as pretty as any girl in Franklin.

Dr. Flavius Packer, noted mental physician, speaking on "Mental Diseases" before the Society of Medical Jurisprudence yesterday, said:

"Mental diseases are on the increase. In 1880 the ratio was 81.6 per 100,000 as against 220 in 1920.

"It is appalling that approximately 50,000 nervous and mental cases are admitted to institutions annually and that \$75,000,000 a year is spent for their care.

"Figures indicate that only about 25 per cent. of those admitted to institutions recover.

"The number of institutions caring for this class of patients is 388, and on January 2, 1920, there were 232,650 patients in these institutions."

The Source of Trouble.

Matrimony would be a great deal easier if she would like his folks as he could see anything to admire in her folks.

Hupmobile

PRICES REDUCED

\$200 to \$325

Effective immediately, Hupmobile prices are reduced \$200 on open cars, and \$315 to \$325 on closed cars.

The Five-Passenger car and the Roadster are now \$1485; the Sedan, \$2485; the Goupe, \$2400; all prices f. o. b. Detroit, war tax to be added.

What this reduction actually means is an increase in Hupmobile value that is worth far more than the revision in price.

The truth is that its new price, and with its well-known economy, low repair costs, long life, and high resale value, the Hupmobile stands forth today as the best buy in the motor car market.

This revision represents the rock-bottom figure at which the high quality of the Hupmobile can be maintained.

SUPREME COURT UPHOLDS DRY LAW AMENDMENT

Validity of Act Now Assured. Settles Long Time Dispute

Washington, D. C., May 16.—The validity of the Prohibition Amendment was re-affirmed by the decision of the Supreme Court here today, all sections having now been upheld. This makes certain the futility of all future attacks on the measure.

The Supreme Court today held that the proposal made by President Harding, while Senator, requiring the states to ratify the amendment within seven years to make it operative, does not void it.

The Court also held the section making amendment effective January 17th, 1920. The decision today disposed of the unexpected attack of attorneys for J. J. Dillon, a San Francisco dry man, who was arrested for transporting wine the day the Volstead Act became effective.

BUSINESS AND TRADE

News of Local Interest
With Special Attention to Coal, Clay and Brick Trade

GENERAL BUSINESS CONDITIONS

That conditions prevailing in the business world are to be expected, is asserted by R. G. Dun and Company, who, in their weekly review, state: "Response to the constructive forces in the economic situation does not come other than slowly, various drawbacks still being present. The price question remains highly influential, unsettlement continuing in different quarters, and more stable markets, are essential to a fuller measure of commercial revival. At a time, moreover, when seasonal demands should stimulate activities, retail distribution is restricted by inclement weather, which retards consumption of spring merchandise and also impedes crop progress in some sections of the country. The adverse phases which yet prevail do not, on the other hand, obscure the fact that major movements in business are now in the right direction and that several developments, the apparent lessening of foreign political uncertainties among them, have a favorable bearing on the future."

CONTINUED REDUCTION FOREIGN TRADE

Appearing at an unusually early date, the April foreign trade returns disclose a continued reduction in this Nation's overseas merchandise movements. While imports increased some \$3,000,000 in value last month, amounting to \$255,000,000, this gain was much more than offset by a decrease of nearly \$47,000,000 in exports, which aggregated \$340,000,000. The latter total is not only the smallest of any month in a number of years, but is fully 50 per cent below that of April of last year, when the shipments ran beyond \$640,000,000. The April imports, although \$240,000,000 less than those of that month of 1920, are the largest of the current year, and the export excessive month was lowered to \$85,000,000. This export excess compares with one of more than \$134,000,000 in March, while in April, last year, the exports surpassed the imports by approximately \$189,000,000.

Ar. Clfd. 9:55 a. m., 2:55 p. m.

WHAT IS THRIFT?

True thrift does not curtail buying money wisely.

It is getting the most out of every dollar of the income.

It is the power of making one's dollars bring more dollars after he has earned them.

It is administering one's earnings with an eye to the future as well as the present.

It is using one's money, much or little as an instrument with which to weave strong Fibre into character.

True thrift does not curtail buying power. It increases it.

It does not make misers. It teaches how to spend as well as how to save.

Yes Silvertown Cords are included in the 20% Goodrich Tire Price Reduction

Among tires SILVERTOWN is the name that instantly conveys the thought of the highest known quality. Their genuine value has given them first place in the esteem of motorists.

Motor car manufacturers and dealers are quick to emphasize to their prospects that their cars are equipped with Silvertowns—knowing that neither explanation nor argument is necessary.

This makes all the more important the fact that Silvertown Cords are included in our readjustment of tire prices which took effect May 2nd.

BERGDOLL MUST BE BROUGHT BACK

Not much good can be expected to come out of the Congressional investigation of the escape of Grover Cleveland Bergdoll, the prize slacker and deserter of the war. Apparently no actual crime has been committed, and the more the matter is probed the more ridiculous it all becomes.

The fellow was permitted to go in search of the mythical pot of gold. He outwitted his guard and got away. He made a laughing stock of the War Department, and it is because he has done so and has gloried in it that it becomes necessary to lay hold of him and bring him back to serve out his term behind bars.

General March, Chief of Staff, promises the committee that the department will get him "at any cost." Definite steps have been taken to secure his return from Germany, the general says. What they are he doesn't reveal. It doesn't matter. Uncle Sam has a long arm, and all in good time it will wind itself around the neck of the defiant scoundrel.

Ordinarily the antics of such a man as Bergdoll would be a subject for mirth, but he has deliberately chosen to make himself obnoxious and to make faces at us from across the sea, and that is one thing that the War Department will not stand. So Grover must come home.—Phila. Inquirer.

HOW ABOUT IT?

With June rapidly drawing near, bringing with it increased enthusiasm in the baseball world, local fans are, perhaps, wondering what sort of a team will represent Clearfield this season. Clearfield has always supported its home team, win or lose. It is up to the fans here to keep up their record.

Plans have been laid, it is understood, for a first class squad to carry Clearfield's banner. In order to make the team a success, it must have financial as well as moral support. Without a doubt it will get both.

To insure its success, however, baseball fans should not wait until the opening day to show their interest in the financial end of the game. It takes money to put a good team in the field. In order to raise a goodly sum to start the ball rolling, backers of the local team have been working overtime for many weeks past, and as a result Clearfield County Athletic Association will produce the musical comedy "All Aboard" Wednesday and Thursday night.

To each and every fan who expects to boost the home team, it should be unnecessary to say more. If "All Aboard" is an unqualified financial success the team backers will be assured of a start, and can then assure the home folks of a team worthy to defend the name of Clearfield.

ECONOMIC STAGNATION

The feeling prevades throughout business circles in the United States that trade improvement in this country will come gradually, but surely. It may take weeks, it may take months, but there is a certainty now creeping in there will be no over-night boom.

Business channels are clogged. It is going to require good hard, honest labor to clear away the dams that are holding back progress in the business world today, and permit the world's goods to flow free once more through their accustomed course. The United States is doing her bit. Old World countries are beginning to get back to their pre-war production efficiency, and this country is once more mingling in the councils of Europe.

President Harding, as he realized when he made his pre-election pledges, knows a big trade struggle for foreign trade supremacy is due. He has weighed every side and phase of the question carefully, and at last taken a step toward what he believes is the protection of American business interests. Never has an action been more timely than his acceptance of the invitation of unofficial representation of the U. S. in the Allied conferences.

Europe owes the United States more gold than it does one good to think of. Consequently Europe must go after foreign trade. South America presents an open field, and every last

man Jack of the Old World is on the line waiting for the starter's gun. With the reparation question apparently settled there is much better feeling in European business circles. Foreign exchange rates rose slightly last week.

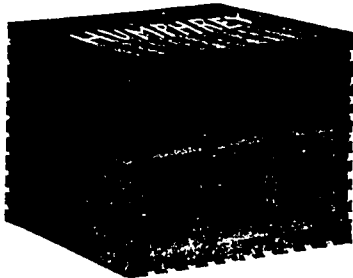

From now on it means an increased effort to tear away obstructions in the trade channels, and abolish trade stagnation. There is every prospect that trade improvement is on the way, and before the Fall harvest will once more swing around the circuit at somewhere near normal speed.

RECEIVER'S SALE

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

• The E. W. Rose Co., Cleveland, O.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. W. C. Helmbold, who spent a portion of last week with relatives in this place, returned to her home in Philadelphia last Saturday.

Last Friday eve. the friends and neighbors of Mr. and Mrs. Clair Peoples visited them in their new home and tendered them a regular old fashioned house warming. The new home on Ridge Avenue has been completed and the family moved in. The gathering was a surprise to Mr. and Mrs. Peoples, as they had anticipated nothing of the kind, being so busily engaged in arranging affairs in their new home. A merry evening was spent by the guests and when the hour of departure arrived left their host and hostess many useful presents as a reminder of their visit.

Remember friends and neighbors that less than fifteen days from now Memorial Day will be upon us. Are we prepared for it? Are there not more than half a hundred graves that need the attention of a lawn mower in order that they may present a reasonably good appearance alongside of a plot that has been taken care of and put in shape for that day? Almost every year there are always some plots and graves that have been neglected until the last hour and then those who ought to care for them figure that it is too late for them to do anything that year but will wait until the next year rolls around, and then it is the same old story with them. It looks sort of ragged to us to see two beds neatly trimmed and kept up in good shape and the one lying between them left to grow up rankly with weeds. Let us awaken from a slothful sleep and make a general cleaning up of our burial plots in good time before Memorial Day.

Another cut in wages has been announced at the Crescent Refractories brick plant. It is said that a reduction of 50 cents has been made per day on every man. Whether this will affect employees who are on piece work or not we were unable to learn. This yard has not been running steadily for several months and the cut will not be felt to any great extent by those who work there.

Mrs. Lynn Faust, of Wilkinsburg, Pa., is a guest in the home of Mrs. Appar Bloom, corner of Thompson and George streets. Before her marriage she was Sara Stevenson, and was employed in the Western Union telegraph office here.

William Robinson, only son of Mrs. Joseph P. Robinson, who is connected with the Heintz' industry at Pittsburgh, spent the Sabbath with his mother and sisters. He was accompanied by his daughter. He is one of the few Curwensville boys who have made good and became wealthy since leaving his native heath, some thirty odd years ago.

Misses Helen and Margaret Strait, of Blue Ball, came over the mountain Saturday and spent the Sabbath with their grandmother, Mrs. Sarah Ammerman, on South St.

A band of Mahaffeyites came to Curwensville Saturday afternoon and contested in a friendly game of baseball on the home grounds with the High School team. Oh, my such a whalloping as they did give the High School boys, the score being 15 to 4 in favor of the upriver lads.

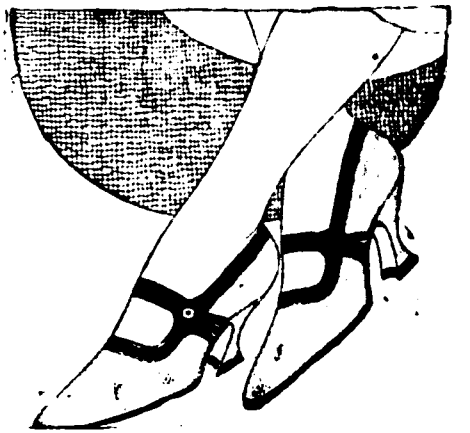

Richard Rutter, who is employed at the Bickford Refractories company as an office hand, moved from this place from Pittsburgh the latter part of last week. He is now on the South Side, in the house lately vacated by Mrs. Dean Rankin, removed with her family to Indian county.

It is rumored that a move on foot to consolidate the old and new Crescent band and so form an organization of the kind that is of American life. This would be a practical move, but is a question that can be argued both ways and from different angles.

SPECIAL PRICES

On Women's Low Shoes
Pumps and Oxfords

\$3.45

These shoes formerly sold at \$8.00 and \$12.00 the pair. They come in Black and Brown leather, some have high heels. Those who intend to economize this season by purchasing "cheap" shoes may now buy real good high grade footwear, of the finest leathers and workmanship at this amazingly low price.

THE GRANARY

A Column of News and Timely Topics for the Man Who Feeds the World

Garden—Many vegetable plants like lime, but the lima bean and the watermelon are not among them. Even radishes do not relish it very much. It is best to use lime with conservatism in the garden, because of the varying demand for it by the common vegetable crops.—State College.

Dairy—That Pennsylvania is one of the leading dairy states is shown in the standing in Advanced Registry testing of pure bred cattle. Pennsylvania leads all other states in the testing of Ayrshires, having 20 herds with 250 cows on test; it holds third ranking in Guernseys with 199 on test; fourth with Holstein-Friesians, 140 on yearly test and over 500 on short time test. There are 145 Jerseys on test at this time. If you own a pure bred dairy herd of any breed, see your county

agent and talk over the possibility of testing your cows.—State College.

Poultry—One reason why many farmers do not get a good price for eggs is because they sell an inferior product. Strictly fresh eggs graded as to size and color will bring as good a price direct to the producer as they do to the middleman. Why not ship direct to the big markets?—State College.

Woodlot—Do not overlook the fact that future generations will appreciate a good stand of timber on the farm. Through your county agent, the forestry extension service of the State College agricultural school will advise tree planting, especially valuable at this time of year.

Wool—Plan to sell this year's wool clip through the county pool. Get the best return possible on it in this way.—State College.

CONTRACTS ARE LET FOR 590 MILES OF STATE HIGHWAYS

Harrisburg, May 16. (United Press)—The State Highway Department to date has awarded contracts for construction and improvement of 590 miles of roadway, Commissioner Sadler announces today.

The department is going ahead with its road building program this summer in accordance with plans previously outlined and approved by the legislature this session.

A great deal of this work is being done in Western Pennsylvania, which has been crying for road improvement. In the eastern part of the state the largest single project is completion of the Lackawanna trail. When all the contracts are awarded on this job there will be 38 miles under construction. This highway runs for nearly 80 miles from Philadelphia to the New York State line.

The largest project under construction at the present time is the highway from Williamsport to Boleberg. This piece of construction divided in several distinct awards extends for 28 miles, and is the longest single highway under construction at the present time.

Commissioner Sadler stated that the department in proceeding with caution in awarding contracts has saved the commonwealth about a million dollars. Although the first bids opened Feb. 18 were 10 percent lower than last season's bids, many of them were rejected as too high. Since then there have been two other occasions for opening bids for two day period. One was March 31 and April 1, and the other last week on May 10 and 11.

There will be another letting of bids about the second week of June, it was announced.

The department is also undertaking some road construction under its own force. Superintendent Cauverb has proceeded to one project and will probably start this week from Franklin to a point near Pearl connecting Franklin with Pittsburgh by the way of Harrisville and Butler. The stretch under construction is about 8 miles.

Very Good Venezuela.
Few people in the United States remember that Henry Clay about one hundred years ago was pleading for the recognition of the Spanish-American republics, but Venezuela, which will name a park in his honor, has not forgotten.—Boston Transcript.

Another service that the Highway Department is able to render now is the guidance of motorists by means of improved maps showing the present condition of roads. Many calls a day are answered requesting information as to the condition of roads and the best routes available.

In Western Pennsylvania the projects now under construction are:
Between Pittsburgh and Greenville, via Butler, 55 miles.

Between Pittsburgh and Greenville, via New Castle, 30 miles.

Between Johnstown and Somerset, under contract, 18 miles.

Projects are also going forward in Indiana, Venango and Crawford counties, although contracts have not as yet been awarded, it was announced.

INVESTMENTS

The conservative investor is satisfied to make 6 per cent. to 7 per cent. on his money. It is only a rare opportunity that comes along combining safety of principal with a yield of say, 10 per cent. How would you like to have a chance to make, not 6 per cent. or 10 per cent., but over 100 per cent.?

No, there is no catch in it. This is not a joke nor an oil promotion scheme. It is a conservative business proposition and one which is not out of your reach, Mr. Average Man. Watch this space for further particulars.

Tiny Infants Become Robust.

Parents whose children are abnormally small at birth can take heart, for recent figures show that tiny infants frequently grow up quite robust and of normal proportions.

Tonight's
Tea Table

R. William Thompson took a party of six young ladies over to the inter-scholastic track and field at State College on Saturday. The party consisted of Misses Daisy Thompson, Louise Sheeder, Elizabeth Walker, Ruth Diehr, Juliet Wall and Margaret Shapiro.

Dr. E. Gard Edwards, from La Junta, Colorado, is here visiting his mother, Mrs. Lydia Edwards on West Market street.

Gussie Mapes, Margaret Moore, Chet Bailey and Orvis Woolridge motored to State College on Sunday.

VISITED BEDFORD COUNTY
County Commissioner T. R. Weimer was over in Bedford county last week purchasing a team of horses for use on the county home

AFFINITY SLAYER
ON TRIAL TODAY

CHICAGO, Ill., May 16.—(United Press.)—The date of the trial of Mrs. Cora Orthwein, pretty affinity slayer, charged with killing Herbert C. Zeigler, Goodyear Tire and Rubber Co. executive, will be set today.

Mrs. Orthwein is to appear in court in company with her attorney Ben Short. The defendant, who is charged with manslaughter, was well-known in Chicago's night life before the tragedy. Her luxurious apartment on the "Gold Coast" was the frequent scene of many gay parties.

Following the death of Zeigler, Mrs. Orthwein told police, "I loved Herb, and I killed him."

She will ask freedom on the grounds of self-defense, claiming that Zeigler, in a drunken frenzy, broke into her apartment after she left him at a drinking party in a cabaret.

The state charged she killed Zeigler after he told her that he was going back to his family, and give up the old life.

Prosecuting Attorney Heth announced that he will attempt to get a woman jury to try Mrs. Orthwein. "Men juries always acquit affinity slayers," said Heth. "I am anxious to see what the reaction of a woman jury would be."

Question Which is Worse.
Most of the trouble in the world is caused by two kinds of people—the clever and the stupid.

Can You See
As You Once Did ?

If you're one of those folks who begin to feel the encroachments of the years, I'm safe in saying that your eyes are not as strong as they once were. They can be made so if you'll come and let me fit you with proper glasses.

Is Your Home
Without a

It's not the only one. You'd be surprised at the "bathless home" figures if you knew them.

Anyway here is the point:

You and your family must be clean. A modern bath and shower is the cheapest and most convenient means of home bathing.

There is many a true word spoken in a jest. Let the "annual bath" mean nothing to you.

Come in and see us. You'll be cordially welcomed, and a visit implies no obligation.
